## RELATED WORK EXPERIENCE and PROJECTS

---

### WEB DEVELOPER, FREELANCE [www.Tephaney.com](http://www.Tephaney.com)

July 2022-Present

- MERN Developer handling various projects in different stages of development. Create brand identities and UI/UX strategies that include wireframes/mockups, then convert mockups into complete websites.
- Edit and troubleshoot CMS platforms (WordPress, Wix, Shopify etc.) HTML/CSS/JavaScript & plugins.
- Create graphic designs for businesses: Brand Identity & Logo, Packaging, Web & Mobile, & Layout/Print

### E-COMMERCE STORE w/ Admin Dashboard [-LIVE SITE-](#)

*In Progress*

React, Redux, and Node.js, Express, Mongo.DB, and Mongoose

- E-Commerce store allows shoppers to register, add/remove items from their carts and check out with a fully functional payment system. Admins can login, update products, see orders and employee schedules.

### CONSULTANT WEBSITE [-LIVE SITE-](#)

August 2022

Created the brand's identity (color, design, logo) with Figma, Canva, & Wireframes, then designed the website.

- Built a responsive web application using JavaScript, Bootstrap, HTML and CSS, allowing users to view and purchase product offerings, connect with the brand via social media, as well as communicate with a coach.

### CHILDREN'S BOOK LAUNCH WEBSITE [-LIVE SITE-](#)

August 2022

Animated children's book promotional website built with JavaScript, HTML, CSS.

- Designed the site's identity consistent with images from the book, creating a one-page promotional site.
